Conventions

This is a combined Service Manual for the HP LaserJet 5L, 6L, 6L Gold, and 6L Pro printers. The HP LaserJet 6L Gold shares the same characteristics as the HP LaserJet 6L. For the purposes of this manual, the “HP LaserJet 6L” refers to both the 6L and the 6L Gold.

This manual uses the following conventions:

COLOR is used to emphasize items that are important to the material under discussion.

Bold is used for emphasis, particularly in situations where *italic* type would be confusing.

Italic type is used to indicate related documents or emphasis.

Hint

Hints are used to suggest an action that might simplify the process.

Note

Notes contain important information set off from the text.

CAUTION

Caution messages alert you to the possibility of damage to equipment or loss of data.

WARNING!

Warning messages alert you to the possibility of personal injury.

Printer features

Note

All references in this manual to the HP LaserJet 6L printer also apply to the HP LaserJet 6L Gold printer.

Table 1-1 Printer Features

Feature	Description
Print Speed	4 ppm (HP LaserJet 5L); 6 ppm (HP LaserJet 6L/6L Gold and HP LaserJet 6L Pro)
Text and Graphics Resolution	300 or 600 dpi
Printer Language	Enhanced PCL 5 (or host-based on HP LaserJet 6L/6L Gold)
Monthly Usage (pages)	4,000 pages (HP LaserJet 5L); 6,000 pages (HP LaserJet 6L/6L Gold)
Memory: Standard ¹	5L and 6L/6L Gold = 1 MB RAM, 2 MB ROM 6L Pro = 4 MB RAM, 4 MB ROM
Maximum	5L and 6L/6L Gold = 9 MB total (available in increments of 1, 2, 4, and 8 MB) ²
Capacity	5 V JEDIA card ³
Internal Typefaces	26 Scalable Typefaces
Standard Interfaces	IEEE-1284 parallel
Power Control	SleepMode
Control Panel	3 LEDs and 1 Control Panel Button
EconoMode (toner saving)	Yes

1. Printer memory is optimized with Memory Enhancement technology (MET).

2. Not available for the HP LaserJet 6L Pro, 4 MB standard.

3. JEDIA (Japanese Electronic Device Industry Association) is a group of DRAM suppliers who have standardized DRAM and other CMOS products.

Maximum Paper Size	216 mm by 356 mm (8.5 by 14 inches)

Identification

HP LaserJet 6L Gold

The HP LaserJet 6L Gold shares the same characteristics as the HP LaserJet 6L. For the purposes of this manual, "HP LaserJet 6L" refers to both the 6L and the 6L Gold.

Model and serial

The model number and serial numbers are listed on Identification Labels located on the bottom of the printer. The model number is alphanumeric, such as C3941A for the HP LaserJet 5L printer, C3990A for the HP LaserJet 6L printer, and C8060A for the HP LaserJet 6L Pro printer.

The serial number contains information about the Country of Origin, the Revision Level, the Production Code, and production number of the printer.

The labels also contain power rating and regulatory information.

Service approach

Repair of the printer normally begins with the use of the printer's internal diagnostics in conjunction with the troubleshooting procedures in Chapter 7. Once a faulty part is located, repair is generally accomplished by assembly level replacement of Field Replaceable Units (FRUs). Some mechanical assemblies may be repaired at the subassembly level. PCA component replacement is not supported by Hewlett-Packard. Part numbers for all FRUs are located in Chapter 8 of this manual.

Parts Exchange Program

HP offers remanufactured assemblies for some selected parts. These are identified in Chapter 8 and can be ordered through HP's Commercial Service and Support Organization-Americas (CSSO-A), or Commercial Service and Support Organization-Europe (CSSO-E).

Ordering parts

Field replaceable part numbers are listed in Chapter 8 of this manual. Replacement parts may be ordered from HP's Commercial Service and Support Organization-Americas (CSSO-A), or Commercial Service and Support Organization-Europe (CSSO-E).

Ordering related documentation

Table 1-6 on the following page lists part numbers and where to order related documentation.

Customer Care options worldwide

HP Customer Care and Product Repair Assistance for the U.S. and Canada:

Call (208) 323-2551 in the United States or (905) 206-4663 in Canada Monday through Friday 6 am to 10 pm and Saturday 9 am to 4 pm (Mountain Time) free of charge during the warranty period. However, your standard long-distance phone charges still apply. Have your system nearby and your serial number ready when calling.

If you know your printer needs repair, call 1-800-243-9816 to locate your nearest HP-authorized service provider, or call 208-323-2551 for HP centralized service dispatch.

Post-warranty telephone assistance is available to answer your product questions. Call (1) (900) 555-1500 (\$2.50* per minute, U.S. only) or call 1-800-999-1148 (\$25* per call, Visa or MasterCard, U.S. and Canada) Monday through Friday from 7 am to 6 pm and Saturday from 9 am to 3 pm (Mountain Time). *Charges begin only when you connect with a support technician. *Prices subject to change.*

European HP Customer Care and In-Country/Region Support Open Monday through Friday 8:30-18:00 CET

HP provides a free telephone support service during the warranty period. By calling a telephone number listed below, you will be connected to a responsive team waiting to help you. If you require support after your warranty has expired, you can receive support for a fee through the same telephone number. The fee is charged on a per-incident basis. When calling HP, have the following information ready: product name and serial number, date of purchase, and description of the problem.

- 1 HP warrants to you the end-user customer, that HP hardware, accessories and supplies, will be free from defects in materials and workmanship after the date of purchase, for the period specified above. If HP receives notice of such defects during the warranty period, HP will, at its option, either repair or replace products which prove to be defective.
- 2 HP warrants to you that HP software will not fail to execute its programming instructions after the date of purchase, for the period specified above, due to defects in material and workmanship when properly installed and used. If HP receives notice of such defects during the warranty period, HP will replace software media which does not execute its programming instructions due to such defects.
- 3 HP does not warrant that the operation of HP products will be uninterrupted or error free. HP products may contain remanufactured parts equivalent to new in performance or may have been subject to incidental use. If HP is unable, within a reasonable time, to repair or replace any product to a condition as warranted, you will be entitled to a refund of the purchase price upon prompt return of the product. Warranty does not apply to defects resulting from (a) improper or inadequate maintenance or calibration, (b) software, interfacing, parts or supplies not supplied by HP, (c) unauthorized modification or misuse, (d) operation outside of the published environmental specifications for the product, or (e) improper site preparation or maintenance.
- 4 ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE IS LIMITED TO THE DURATION OF THE EXPRESS WARRANTY SET FORTH ABOVE. Some states or provinces do not allow limitations on the duration of an implied warranty, so the above limitation or exclusion might not apply to you. This warranty gives you specific legal rights and you might also have other rights that vary from state to state, province to province, or country to country.
- 5 THE REMEDIES IN THIS WARRANTY STATEMENT ARE YOUR SOLE AND EXCLUSIVE REMEDIES. EXCEPT AS INDICATED ABOVE, IN NO EVENT WILL HP BE LIABLE FOR LOSS OF DATA OR FOR DIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL (INCLUDING LOST PROFIT), OR OTHER DAMAGE, WHETHER BASED IN CONTRACT, TORT, OR OTHERWISE. Some states or provinces do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

Hardware service during the warranty period

If your hardware should fail during the warranty period, HP offers the following support options:

- HP Authorized Service Provider: You can return your printer to a local authorized service dealer.
- HP Repair Services: You can return your printer to an HP repair office.

When sending equipment, we recommend insuring the equipment for shipment. Also include a copy of your proof of purchase.

CAUTION

Shipping damage as a result of inadequate packaging is the customer's responsibility. Use the original packing materials whenever possible.

Hardware service after the warranty period

If your hardware fails after the warranty period, contact an authorized Hewlett-Packard Dealer Repair Center or a designated Hewlett-Packard Repair Center. If you have a Hewlett-Packard Maintenance Agreement, request service under your agreement.
